RE: Existing Private Crossing, Survey Station 972+85 - Milepost 5.66,  
Line Segment 0405 DOT BN No. 91-738-C at QUENDALL, WA

N O T I C E    TRACER OF UNEXECUTED

PERMIT NO. CX89-16054 DATED October 1, 1989

In view of previous tracers to you, without response to our letter of September 19, 1989, for execution of Permit CX89-16054, and your application dated July 6, 1989, we are at a loss to know why you will not, or do not respond, to File: 5787 Quendall.

I MUST now advise that without this executed Permit Agreement, you are not authorized by Burlington for use of this existing private crossing of Burlington's Right-of-Way as access to your real property. Burlington will assume no liability what so ever for your continue use.

Because of unauthorized use, Burlington Field forces have the right to remove this crossing without further notice. - THIS IS NOT A PUBLIC CROSSING.

If we do not hear from you within the next thirty (30) days, this application file will be closed and Roadmaster will be so notified to barricade and/or remove this crossing, on the basis of previous property owners Permit Agreement 227,100 dated 11/16/77-HORN and paragraphs 10, 11. Paragraph 11 would be satisfied by your execution of CX89-16054, however Burlington is now aware of the Multi use as outlined below.

COPY TO ALL PROPERTY OWNERS IN SECTION 32 TOWNSHIP 34 NORTH RANGE 5 EAST KING COUNTY USING THIS ACCESS WITHOUT BENEFIT OF PERMIT AGREEMENTS.
